PharmaVigilant Becomes Authorized Provider of IACET CEUs
Prestigious Authorization Demonstrates Commitment to High-Quality Lifelong Learning

WESTBOROUGH, Mass., March 29, 2010 – The International Association for Continuing Education and Training (IACET) has awarded PharmaVigilant the prestigious Authorized Provider status. IACET Authorized Providers are the only organizations approved to offer IACET Continuing Education Units (CEUs). The recognition period extends for five years, and includes all programs offered or created during that time.

“PharmaVigilant is proud of our education program, PharmaVigilant University, which will train hundreds of clinical research monitors each year in important clinical trial research practices so our staff and customers stay on the cutting edge,” stated James DeSanti, CEO. “Our new partnership with IACET is a demonstration of our commitment to lifelong learning and high standards for all of our programs, and we are very pleased to join such a prestigious organization as well as an elite group of organizations that offer excellent continuing education and training programs,” DeSanti added.

“We are pleased to welcome PharmaVigilant as our newest Authorized Provider organization,” stated Karen Brown, President of IACET and Senior HR Manager of Nuclear Power at Shaw Group in Massachusetts. Brown added, “PharmaVigilant joins nearly 650 organizations around the globe that have had their programs vetted by third-party experts in continuing education to ensure the highest possible standards are met.”

The goal of PharmaVigilant University is to support PharmaVigilant’s core software products and services with educational programs for its employees and clients. This comprehensive training program will help the Company provide superior customer service, ensuring both its employees and clients are trained to get the best use of its products and processes.

In order to achieve Authorized Provider status, PharmaVigilant completed a rigorous application process, including a review by an IACET site visitor, and successfully demonstrated adherence to the ANSI/IACET 1-2007 Standard addressing the design, development, administration and evaluation of its programs. PharmaVigilant has pledged its continued compliance with the Standard, and is now authorized to use the IACET name and Authorized Provider logo on promotional course material. In addition, PharmaVigilant is now linked to the IACET web site and is recognized as offering the highest quality continuing education and training programs.

About PharmaVigilant: Based in Westborough, Mass., PharmaVigilant is a technology company founded in 2006 to demystify the clinical trial process for biopharmaceutical companies. Its full suite of patient-based technology automates the collection and management clinical trial data and most importantly puts that data in the sponsors' hands when and how they want it. Sponsors rely on PharmaVigilant to ease the regulatory and FDA submission and approval process and ultimately go-to-market more quickly with top quality drugs. For more information, visit www.pharmavigilant.com.

About IACET: The International Association for Continuing Education and Training (IACET) is a non-profit association dedicated to quality continuing education and training programs. IACET is the only standard-setting organization approved by the American National Standards Institute (ANSI) for continuing education and training. The ANSI/IACET 1-2007 Standard is the core of thousands of educational programs worldwide. For more information, please visit www.iacet.org or call 703-506-3275.
